SUBJECT: Ohio, Illinois, Indiana Ad Hoc Committee Sites  
Ohio/TDD# F5-8007-3  
Marble Cliff Quarries/Earthco Inc..

A Preliminary Assessment Form (USEPA Form T2070-2) has been completed for the subject site. This site was listed by the Ad Hoc Committee and has been researched pursuant to TDD# F5-8007-3.

In reviewing the information obtained from the Ohio EPA and the City of Columbus Health Department, it is in our opinion, based upon this information and an off-site reconnaissance that a low priority be given to this site. The factors which determined this decision are stated as follows:

- o On-going inspections by the City of Columbus Health Department
- o To the best of these agencies' knowledge, there has been no known acceptance of hazardous wastes.
- o No reported health or illness problems
- o No contamination of water: ground, surface and supply
- o Geology for this site is suited for the type of wastes being accepted, i.e., demolition material only.

From this information it is our belief that no further action is needed.
